

Jonsigns recognises that its day-to-day operations and products have both a positive and negative impact on the environment. We are fully committed to minimising the pollution and harmful effects of its actions and products wherever practicable. We will ensure that every aspect of our activities is conducted in accordance with sound environmental practices.

We will achieve this by:

- Minimising the consumption of natural resources and energy, whilst consuming material goods in moderation
- Reducing the creation of waste by the adoption of improved operating practices and by the recycling of materials whenever practical
- Ensuring all waste and effluent is disposed of in a safe and responsible manner
- Investing in the development of new products and processes that have an improved performance regarding their impact on the environment
- Being totally committed to continually monitor and improve environmental performances and their effectiveness.
- Informing and training employees in environmental issues
- Complying with environmental legislation

Jonsigns Ltd aims to foster among its staff, suppliers and customers, an understanding of environmental issues in the context of its business. Our collective task is to ensure that we continually improve the environmental impact of our total global activities.

By this policy Jonsigns Ltd recognises its responsibility towards protection of the environment, and issues this statement as a commitment of both management and employees to minimising the environmental impact of its operations.

This policy will be reviewed on an annual basis to ensure its continuing effectiveness.

We now send approx. 15% of our waste to landfill. We recycle different products: Dibond, Foam, Acrylic, and Polycarbonate, all are 100% recyclable. We only use FSC paper for internal paperwork.

DATE: 01st January 2024

Mr Jonathan Cawthorn - Managing Director responsible for Health & Safety

CURRENT ENVIRONMENTAL PRACTICES AT JONSIGNS LTD

- We now send only approx 20% of our waste to land fill
- we recycle a variety of different products including:
 - Dibond
 - Foam
 - Acrylic
 - Polycarbonate
 - Stainless Steel
 - Aluminium
 - Steel(All the above are 100% recyclable)
- Ink cartridges recycled
- We only use FSC paper for internal and external paperwork.
- All equipment regularly maintained to keep energy levels down.
- Minimize usage of solvents and lead based paints.
- Domestic (Staff canteen) recycling of papers, plastics and cans

FUTURE ENVIRONMENTAL PRACTICES AND PROCEDURES AT JONSIGNS LTD

To attain a supplier accreditation certificate - eg: Forest Certification Schemes

At present we are looking into:

- Recycled poster paper or FSC poster paper
- Non PVC banner material Polyethylene based which is 100% recyclable
- Minimising internal and external paperwork
- Low emission vehicles
- Energy consumption within the factory
- Suppliers environmental policies and statements
- Increasing recycling to reduce percentage to land fill

All the above and further information is included in our Jonsigns Ltd Environmental Policy and Procedures in-house file which can be viewed on request.
